International Convention Update

While we are still 9 months away from International Convention 2025 in Vancouver, Canada, excitement is high and planning is well under way! For those that are making the journey for the big event, you may have experienced some frustration in the registration and housing booking process. The team that is coordinating this event has been hard at work processing emails and feedback received from members of the Fellowship. Some of the tips they have shared are:

- If you could register but could not book housing at the time of registration, check back in your registration record frequently. They are adding rooms to the inventory and alternative housing options. Experience also shows that some members who initially booked housing will cancel their bookings closer to the event, freeing up some housing options.
- If you have not yet registered, it is not too late!
- There are also options for members who cannot attend the in-person event. These include a live-stream virtual session program or an anonymity-protected video recording that will be available for viewing after the event.

General Service Conference Update

With the submission deadline for Proposed Agenda Items (PAIs) for the 75th General Service Conference now passed, the work has begun on putting together the agenda for the next GSC. I anticipate the Conference members will receive a complete list of Proposed items sometime in the coming weeks. The Conference Committees will be meeting with the chairs of their aligned

Trustees' committees to provide input and feedback on items that will be discussed at Board Weekend at the end of the month. Please keep in mind that the Final Agenda items will not be determined until the January Board weekend and will be distributed by the Delegate along with the background material in preparation for the Pre-Conference Assembly in April! For more information about the path of an agenda item, click [here](#) for an informational video.

Request for Fellowship Input on Corrections Service

As per a Committee Consideration from the 74th General Service Conference, the GSO Corrections Desk is gathering shared experience from the Fellowship on how A.A. members encourage and engage in corrections service. Please contribute to this valuable feedback by clicking the link below:
